---

**SUBJECT: Temporary Closure of Ft. Loudoun Lock, Tennessee River Mile 602.3.**

A recent inspection of the upper gates at Ft Loudoun Lock has revealed the need for urgent repairs to the strut arm and pin assembly on the land wall gate. These repairs will require the lock to be closed to navigation traffic until their completion.

The lock will closed at 6 a.m. on Monday, 1 May and is scheduled to reopen at 6 p.m. on Thursday, 4 May 2006. There is no auxiliary chamber to pass traffic during this closure.

Questions regarding this closure can be addressed to the Lockmaster during normal business hours by telephone at (865) 986-2762.

FOR THE DISTRICT ENGINEER:
